Ben, would you be available for a meeting to discuss a March 2006 surface water sampling event Friday morning? Jim, please forward this request to the appropriate DEQ representative. Jean, I think we are looking at the morning.

Thanks, Eric

set up time to talk about high
flow sampling

Laura, Carl, Eric, Keith,

At the Portland Harbor Manager's meeting today, it was suggested that an LWG/Agency team get together to talk about what a surface water sampling plan would look like for a high flow event.

Eric suggested that this Friday would be a good time for a discussion. This email is intended to just get the ball rolling on finding a time for this discussion/call. Eric will identify other Agency participants.

cheers
valerie
